Our Nursery Values

'A place to learn, play and belong'

Respect – Treating others politely, listening and valuing everyone

Trust – Building safe and secure relationships between children, staff and families

Honesty – Encouraging children, staff and families to tell the truth and learn responsibility

Kindness – Caring for others, helping friends and showing empathy

Significant sign

[How to sign simple manners including Welcome, Please, Thank You, Sorry & Excuse Me in BSL](#)

PLEASE

Expressive Vocabulary/ focus words

- **Calm** means feeling quiet and peaceful inside.
- **Respect** means listening, using gentle hands, and looking after our environment
- **Exercise** means moving our bodies to help us grow strong and healthy.
- **Photo Synthesis** is how plants make their own food. Plants use sunlight and water to help them grow.

Daily Activities – Please note these will be rotated termly

Monday – Messy morning

Tuesday – Music and movement

Wednesday - Sensory exploration

Thursday – Sharing stories

Friday – Outdoor discovery

Parent advice and guidance

National smile month - [Smile Month | Home | Oral Health Foundation](#)

National walking Month - [National Walking Month - Walk this May - Herefordshire Council](#)

This Month's traditions and festivals were learning

WEEK 1: May Day Celebrations

Week 2: International Day of Families (15th May), Mental Health Awareness week(11th -17th may)

WEEK 3: Walk to school week

WEEK 4: National Children's Garden week, Vesak (Buddha day) May 31st

Area of development	Intent – What do you want them to learn?	Implement – How will their learning be supported?	How to support this at home?
Personal Social and Emotional Development			
Social and Emotional	<ul style="list-style-type: none"> • Develop friendships and cooperative play with peers • Name and recognise emotions, in others and themselves. • Build confidence in group situations 	<ul style="list-style-type: none"> • Encourage cooperative play through group activities, role play, and small group games. • Support children to share, take turns, and negotiate during play with peers. • Use stories, discussions, and visual aids to help children recognise and talk about their feelings and the feelings of others. • Model positive behaviour and language such as kindness, patience, and respect. • Provide opportunities for children to work together during activities such as building, creative play, and problem-solving tasks. • Maintain consistent routines and clear expectations to help children feel secure and confident. • Provide opportunities for children to talk about their experiences and express their ideas during circle time and group discussions. 	<ul style="list-style-type: none"> • Model positive behaviour and language by showing kindness, patience, and respect in daily routines. • Provide opportunities to work together, such as building with blocks, completing puzzles, cooking, or creative activities. • Keep routines consistent, including mealtimes, bedtime, and daily activities, to help your child feel safe and confident. • Encourage communication by talking about your child's day, listening to their ideas, and giving them time to express themselves

<p>Independence</p>	<ul style="list-style-type: none"> • Develop confidence in managing their own personal needs • Take responsibility for simple tasks and routines • Build independence in daily activities 	<ul style="list-style-type: none"> • Encourage children to independently use cutlery and drink from cups during mealtimes. • Support children to manage personal hygiene such as washing hands and beginning to manage toileting routines independently. • Encourage children to put on and take off their coats and shoes with minimal support. • Provide opportunities for children to tidy resources and help set up or clear away activities. • Offer choices during play and routines to support decision-making and independence. • Praise children's efforts and achievements to build confidence and self-esteem. 	<ul style="list-style-type: none"> • Encourage your child to dress themselves where possible, such as putting on coats or shoes. • Support your child in washing their hands independently before meals and after using the toilet. • Encourage your child to help tidy toys away at home to build responsibility and independence. • We have been pouring our own drinks at nursery so give it ago at home!
<p>Physical development</p>			
<p>Fine motor</p>	<ul style="list-style-type: none"> • Develop stronger hand muscles for early writing and self-care tasks • Develop hand-eye coordination and control with varied resources. 	<ul style="list-style-type: none"> • Provide regular opportunities for mark making using pencils, crayons, chalk, paintbrushes, and markers. <ul style="list-style-type: none"> • Encourage activities such as cutting with child-safe scissors, threading beads, and completing more complex puzzles. • Offer playdough activities including rolling, pinching, flattening, and using tools such as cutters and rollers. • Provide construction activities using blocks, small building toys, or connecting pieces to develop precision. • Encourage children to practise self-care skills such as using cutlery, buttoning clothing, and opening containers. • Include activities such as sorting, transferring objects with tweezers or spoons, and manipulating small objects to strengthen hand control. 	<ul style="list-style-type: none"> • Encourage your child to practise drawing, colouring, and mark making at home. • Provide opportunities for your child to use scissors, playdough, puzzles, and construction toys to strengthen hand muscles. • Support your child in practising everyday tasks such as dressing themselves, opening lunch containers, or using cutlery.

Sensory/ Exploration	<ul style="list-style-type: none"> • Encourage curiosity, investigation, and exploration of the world around them. • Support learning through hands-on experiences and questioning. 	<ul style="list-style-type: none"> • Provide sensory play opportunities such as sand, water, playdough, and textured materials for exploration. • Encourage children to investigate materials by mixing, pouring, building, and experimenting. • Model descriptive language during sensory play by discussing textures, colours, smells, and sounds. • Provide opportunities for exploring natural materials outdoors such as leaves, stones, soil, and water. • Introduce simple investigations or experiments to encourage curiosity and early problem-solving. • Encourage children to ask questions and share their ideas about what they observe. 	<ul style="list-style-type: none"> • Encourage your child to explore natural materials during outdoor walks such as collecting leaves, sticks, or stones. • Provide simple sensory activities at home such as water play, baking, or playdough exploration. • Talk with your child about what they notice during play and encourage them to ask questions.
Physical / Gross motor	<ul style="list-style-type: none"> • Develop strength, balance, and coordination in larger body movements. • Build confidence and control during active play. 	<ul style="list-style-type: none"> • Provide opportunities for running, jumping, hopping, balancing, and climbing during indoor and outdoor play. • Set up obstacle courses that encourage children to climb, crawl, balance, and move in different ways. • Encourage ball skills such as throwing, catching, kicking, and rolling to develop coordination. • Provide equipment such as balance bikes, climbing frames, and stepping stones to support movement development. • Include movement games, dance, and action songs to encourage coordination and body awareness. 	<ul style="list-style-type: none"> • Visit parks or outdoor spaces where your child can use climbing equipment and practise balancing skills. • Play simple ball games together to develop coordination and confidence.
Communication and Language development			
Language and communication	<ul style="list-style-type: none"> • Develop a wider vocabulary and begin using longer sentences • Improve listening, attention, and understanding • Build confidence in conversations and expressing ideas 	<ul style="list-style-type: none"> • Model clear and descriptive language during play and daily routines, introducing new vocabulary and explaining meanings. • Encourage children to speak in longer sentences to describe their experiences, ideas, and feelings. • Use stories, puppets, and role play to encourage discussion, imagination, and storytelling. • Ask open-ended questions during activities to support thinking and conversation (e.g., “What do you think will happen next?”). 	<ul style="list-style-type: none"> • Read stories together and encourage your child to talk about the characters, events, and what might happen next. • Encourage your child to describe their day, experiences, and feelings using full sentences. • Play games that involve listening and following instructions, such

		<ul style="list-style-type: none"> • Provide opportunities for group discussions such as circle time where children can share their thoughts and listen to others. • Introduce new words through songs, rhymes, books, and themed activities. • Support children in following more complex instructions and understanding questions. 	as action songs or simple treasure hunts.
Understanding the world			
Cognitive/ problem solving	<ul style="list-style-type: none"> • Develop early reasoning and problem-solving skills • Begin to predict outcomes and make simple decisions • Explore, sort, and classify objects to understand patterns and relationships 	<ul style="list-style-type: none"> • Provide puzzles, sorting games, and building activities that encourage children to think and experiment. • Offer cause-and-effect toys and activities, such as pop-up toys, ramps, or water play, and encourage children to predict what will happen. • Encourage children to explore patterns, match objects by colour, shape, or size, and sequence simple events. • Support planning and decision-making by asking questions like “Which block should we put next?” or “What happens if we pour the water here?” • Offer problem-solving challenges during everyday activities, such as tidying toys by category, building towers, or completing simple obstacle courses. • Praise attempts and encourage children to try different approaches if the first attempt doesn’t work, fostering resilience and persistence. 	<ul style="list-style-type: none"> • Encourage your child to play with puzzles, stacking toys, and shape sorters at home. • Provide simple experiments or cause-and-effect activities, such as pouring water from one container to another, rolling balls down ramps, or exploring magnets. • Talk with your child about patterns and sequences in daily life, e.g., sorting laundry by colour or lining up toy cars from smallest to largest.
Mathematics			
	<ul style="list-style-type: none"> • Encourage problem-solving, reasoning, and curiosity about the world • Recognise, name, and describe shapes, • Develop an understanding of numbers, counting, and quantity 	<ul style="list-style-type: none"> • Encourage counting objects during play (“How many blocks are here?”). • Sing counting songs and rhymes to reinforce number order and recognition. • Introduce simple addition and subtraction using practical objects (“If we have 2 apples and add 1 more, how many now?”) 	<ul style="list-style-type: none"> • Encourage counting during daily routines: steps, toys, snacks, or cups at mealtimes. • Play simple sorting or matching games at home (e.g., socks, utensils, toy cars).

		<ul style="list-style-type: none"> • Use positional language during play: “under,” “on top,” “next to,” “behind.” • Introduce concepts of size, weight, and capacity through sand, water, and cooking activities. 	<ul style="list-style-type: none"> • Explore shapes in the environment: doors, windows, plates, balls, and blocks.
Literacy			
	<ul style="list-style-type: none"> • Develop listening, attention, and comprehension skills • Recognise familiar words, letters, and environmental print • Encourage early mark-making and pre-writing skills • Begin to tell stories, express ideas, and use language creatively 	<ul style="list-style-type: none"> • Read short and longer stories with clear illustrations, encouraging children to listen and recall events. • Encourage children to answer simple questions about stories or rhymes to develop comprehension. • Provide opportunities for drawing, painting, tracing, and beginning letter formation. • Offer a variety of writing tools (pencils, crayons, chalk) and surfaces (paper, boards, sensory trays). • Encourage children to narrate events from their day, using full sentences and chronological order. 	<ul style="list-style-type: none"> • Read picture books and storybooks together, asking your child to describe characters, events, and what might happen next. • Talk about everyday experiences in full sentences to encourage expressive language (“First we washed our hands, then we put on our shoes, and then we went outside”).
